**February 2007**

### **To Photographers World-wide**

Dear Colleagues,

#### **First International Online Digital Photographic Competition**

We have great pleasure in attaching the Regulations of our above photographic competition and would be very grateful if you could also distribute them to other interested photographers.

As you see, FIAP (The International Federation of Photographic Art), has accepted to put the competition under its auspices, an honorary gesture which recognizes our Society's continuous development. This recognition also places the extra responsibility on us to organize such a prestigious and unique photographic event. We feel the same responsibility for the kind support offered by our Ministry of Education and Culture, the Cyprus Tourism Organisation and the Cyprus Telecommunications Authority.

Please check our web sites [www.cps.com.cy](http://www.cps.com.cy), [www.velvetclassic.net](http://www.velvetclassic.net) & [www.istos.ws](http://www.istos.ws) for more information regarding the competition, but also to learn more about Cyprus. A place worth visiting!

We would be grateful if you could put our news on your website (our banner is attached please link to [www.velvetclassic.net](http://www.velvetclassic.net)), if possible and look forward to receiving your entries. Please note that no participation fee is needed.

We wish you the best of luck!

Nicos Karanikis, ESFIAP  
President  
FIAP Liaison Officer

Andriana Malekidou  
General Secretary
